### IMPORTANT GROUND RULES

- Remember that you are responsible for your dog(s) at all times!
- It is important that you are punctual for your training sessions.
- You are responsible for cleaning up your dog's 'poop' – this applies to all the grounds including the parking area. Bins have been strategically placed all over the grounds for your convenience.
- Do not bring bitches to the training grounds if they are in season.
- The parking area is not a totally secure area and in view of this it is advisable that your dog is not let off its lead.
- Unless the trainer has instructed you to, do not let your dog off its lead in the training grounds.
- Check (choke) chains are not permitted, however, half check chains are – provided that they are fitted correctly.
- Collars, all-in-one leads or retractable leads are not permitted. Long lines may be used for training purposes under the guidance of your trainer.
- There are some leads and collars available to use for a training session should you not have, but they must be returned at the end of the training session.
- If you are training after 13:00, then please feed your dog only half its normal breakfast. If the training is before 13:00 and your dog is not food motivated, then do not give him / her any breakfast.

### WHAT YOU NEED TO BRING TO EACH TRAINING SESSION

Please make up a training bag (any material shopping bag works well) stocked with the following ...

- A flat or semi check collar and lead. (No chains!)
- A really good supply of soft treats cut into small bite size pieces such as viennas, boerewors, liver treats, cheese, dry woks, polony, russians, sliced biltong. Biscuits are not suitable for training purposes. These treats should be special and not your dog's everyday titbits. (In the early stages you will go through a vast amount – so be well stocked. You can always take the left-overs home after the training session.)
- Bring two of your dog's favourite toys. One must be able to float.

### PRIVATE CLIENTS

- For everyone's safety, please do not enter the training grounds if there is another dog present.
- Ensure that you leave your dog in your vehicle until any other dog(s) are safely secured in his / her / their vehicle.

### WHILE TRAINING ...

- Remember your dog thrives on praise so use it.
- Do not hit your dog!
- Enjoy this time with your dog and remember that you have the best dog in the world!
